

# iPhone synchronisation

## User manual

**4net AG**  
**Schoretshuebstrasse 26**  
**CH-9015 St. Gallen**

To configure a Microsoft Exchange account on your iPhone or iPod touch, go to your "settings", then to "Mail, Contacts, Calendars", then to "Add Account", and finally "Microsoft Exchange". Take notice, that you can only configure one Exchange Account per device.

In the next window add your complete E-Mail address, your domain, your username, your password and a description of your choice.

**Important:**

**The SSL function has to be activated!**
